

THE JONAS PROJECT

WOVEN - LOS ANGELES

CONTINUING COMMUNITY

WOMEN VETERAN ENTREPRENEURS NETWORK

Microbusiness and self-employment offer veterans, and especially women veterans and veterans with disabilities, increased opportunities to maximize their strengths and skills, to achieve their financial and career goals, and to customize their employment to accommodate their needs. If you are in the idea stage or beginning stage of your business, join our ongoing network of women veteran entrepreneurs through community-based programs.

Our month long program provides the necessary resources to make your business idea a reality with the support of fellow veterans and entrepreneurs.

If you're a military spouse, or a woman veteran in business, or contemplating business ownership, join us for the Guided Business Plan program!
